

PAIGNTON & DARTMOUTH STEAM RAILWAY

HOW TO INSTALL

Installation instructions: -

- *Extract the Zipped folder named '[G.G.S.] P&DSR Route.zip' to a safe location such as the desktop.*
- *Then find the .exe named 'Paignton & Dartmouth Steam Railway.exe' and double click to then follow the instructions.*

NOTABLE LOCATIONS

NAME: Kingswear.

DESCRIPTION: Arguably the most famous and scenic part of the line is the terminus station at Kingswear where ferries cross for Dartmouth.

NAME: Britannia Crossing.

DESCRIPTION: One of the main crossings for road vehicles to get to and from Dartmouth.

NOTABLE LOCATIONS

NAME: Noscreek.

DESCRIPTION: A large area of boats stored ready to be worked on or sold to the public.

NAME: Greenway Viaduct.

DESCRIPTION: Just before entering or exiting the long Greenway Tunnel is one of three large viaducts along the route.

NOTABLE LOCATIONS

NAME: Greenway Halt.

DESCRIPTION: Right next to the long Greenway Tunnel is the smallest station along the route, which is a request stop only.

NAME: Churston.

DESCRIPTION: The main passing point for trains to cross each other and is the station that used to link to Brixham.

NOTABLE LOCATIONS

NAME: Churston Yard.

DESCRIPTION: Right next to the station is a small yard for maintenance work. Also has a line for a Low Loader if required.

NAME: Churston Turntable.

DESCRIPTION: Not far from Churston station is the turntable which is still used to turn visiting Raitour locos.

NOTABLE LOCATIONS

NAME: Hookhill Viaduct.

DESCRIPTION: The second viaduct not far from Churston station which starts to see the gradients start to level out.

NAME: Broadsands Viaduct.

DESCRIPTION: One of three large viaducts along the line which overlook some great views.

NOTABLE LOCATIONS

NAME: Goodrington Sands.

DESCRIPTION: The station for the Water Park (Not modelled) and the start of a 1 in 71 climb towards Churston.

NAME: Paignton/Queens Park

DESCRIPTION: With a connection to the 'Network Rail' network, this is the main station on the line which also has coal and water facilities.

- [Isle of Wight Route](#)
- [European Loco & Asset Pack](#)

Armstrong Powerhouse

- [Sky & Weather Enhancement Pack 2.0](#)

Just Trains

- [Common Library \(Comes with most JT routes\)](#)

IMPORTANT INFORMATION

‘Golden Goldsmith Studios’ routes try to recreate real life railway representations which would allow for a wide array of scenario opportunities. It is important to note that even though we try to create routes to match real life as close as possible:

- Routes are created for generic use.
- Routes may need updating at any point.
- Our Routes are NOT 100% accurate.
- No extra 3D Assets are used yet.

With these in mind, we hope they are still good enough to provide many hours of enjoyment.

Thank you to the following as this route would not be possible without them.

[Dovetail Games](#) for creating such an amazing product in Train Simulator 20xx.

[Dartmouth Steam Railway](#) for permission to use logo.

Robert Ruutel for being a MASSIVE help in regards to tracks.bin & signalling.

[Steam Sounds Supreme](#) for testing, advise, promotion.

[Victory Works](#) for allowing us to include Point Rodding and signs.

[Mesh Tools](#) for allow us to include a few assets including the Crossing Gate.

Alan Hingston for extremely helpful route videos and feedback.

[ClickTeam](#) for providing the installer.

Graham Bell.

Harry Pitcher, Jack Sheriff, Nick Farrant, Jay Hickman and David

Steward for general feedback here and there.
